POLISPORT COMMITMENTS

STAND OUT FROM THE CROWD

Polisport remains true to its principles. The focus persists on producing quality and innovative products capable to revolutionize the off-road market, offering differentiated solutions and excellent service to its customers.

More than keeping up with market trends, Polisport's goal is to be a pioneering company in the plastic replicas and off-road accessories industry.

With this based commitment, Polisport was the first company to develop and produce IPD technology for OEM brands. This was an important movement that opened the door to partnerships with some of the most recognized motorcycle brands, allowing us to improve ourselves as aftermarket replicas manufacturers.

Innovation and quality are our top priority, year after year, decade after decade.

DIFFERENTIATE BY PACKAGING

We are fully committed to delivering an enjoyable consumer experience. A quality product must be complemented by eye-catching packaging.

More recently, we started working with packaging experts to provide our customers with sustainable packaging by using low carbon footprint materials, easy to recycle, and able to be re-used in the future, encouraging the circular economy.

NEW IMAGE TO ACCELERATE THE FUTURE

The new identity aims to reinforce the brand positioning and align the communication with the company's strategy of the past years. Innovation, product excellence, and the brand roots in racing and competition are imprinted in all its products and are, now, also present in the new image.

The new brand's identity balances history and know-how, where red has always been in evidence. The new logo translates the dynamism and modernity of Polispport, through the minimalism and simplicity of the shapes that give life to the new logo. Also positioning the brand in the premium segment of the market.

Pedro Araújo, Polispport's CEO, assumes that this image change reflects "the agility and innovation, in the way we work and in the value proposition, that, as a brand, we were able to offer to our customers."

Preston Petty

The legacy will last forever, Preston!

Born in Los Angeles on February 19, 1941, Preston Petty became addicted to dirt bikes early at 13, when he got his first real motorcycle, an Ariel Colt. The passion for whatever motorized was immediate and he started racing anything and everything, from scrambles to flat track, motocross, and the International Six-Day Trials (ISDT), the oldest off-road motorcycle event on the International Motorcycling Federation Calendar.

Preston Petty was one of the first riders in the USA to race Honda motorcycles and he quickly became a leading off-road and motocross racer of the late 1950s through the early 1970s. Petty rode for Team USA in ISDT events and was one of the early proponents of bringing European-style motocross to America.

More than a great rider and passionate about bikes, Preston Petty will be forever remembered for his plastic motorcycle components: fenders, skid plates, hex grips, enduro front fenders, number plates.

But what about his fenders? Preston revolutionized the stigma of the time that plastic was trash when it came to off-road motorcycles and his fenders rapidly became a success during the 1970s. Until then, off-road motorcycles had metal fenders, in steel or aluminum, that was dangerous to ride with and prone to fatigue cracking. Using the five-gallon plastic paint bucket as inspiration, Preston built his own injection-molding equipment and computer control systems and produced the first enduro headlight (now copied on every enduro bike), an innovative plastic skid plate, and the Petty Hex Grip.

Decades later, in 2017, the current owner, Paul Stannard, found in Polisport the quality, attention to detail and care the brand needed to bring Preston Petty Products to another level. Polisport and Preston Petty brands formally announced a partnership for the future. All the Preston Petty products started being produced in Polisport's injection facilities in Portugal and distributed through its worldwide network of distributors.

Polisport CEO and teams had the honor to be close with Preston, for whom they developed a deep friendship, in addition to all the respect and admiration. The sad news that he passed away at the age of 80, on January 16, 2022, made our compromise even greater. We intend to maintain the legacy of its products today and always!

The legend continues...
